

2nd African Bioacoustics Community Conference

2 - 5 November 2020

www.africanbioacoustic.wixsite.com/abcommunity

The 2nd African Bioacoustic Community Conference is going
ONLINE!

In light of the global COVID-19 crisis, the ABC has decided to push forward with a hybrid conference, moving all presentations to an online space with the option of attending in-person at the University of Stellenbosch in South Africa if government restrictions allow.

This conference will show-case the diverse field of bioacoustics and bring together researchers from around the world in a safe and inclusive setting! We have many exciting plenary talks and fun events in store. We hope that you will join us!

Plenary Speakers

Prof Magnus Wahlberg

University of Southern Denmark

Marine Bird Hearing in Air and Underwater

Prof David Reby

Université Jean Monnet

The Evolution of Size Communication in Mammal Vocalisations

Prof Nicolas Mathevon

University of Lyon

Cracking the Code of Human Baby Cries

Prof Martine Hausberger and Prof Alban Lemasson

Université de Rennes 1

Rule-governed vocal interactions in birds and primates

Dr Tess Gridley

University of Stellenbosch

From the Heavyside's to the Humpback: 13 years of bioacoustic research in Southern Africa
